Stay Compliant With a Secure, Customizable LMS

ShareKnowledge enables you to conveniently manage compliance and engage your employees with compelling learning programs, all while reducing costs. Here are just some of the benefits of this secure and customizable platform:

FLEXIBLE DEPLOYMENT OPTIONS

- Implement with Microsoft SharePoint, Office365 or as a stand-alone LMS
- Deploy the platform on-premise, in the cloud or a hybrid
- Simplify deployment by modifying modules to use only what you need
- Customize for unique customer requirements

TRAINING DELIVERY

- Automate and personalize learning paths
- Access training programs across mobile, ILT, social media and micro-learning platforms
- Connect with learners all across the globe – anytime, anywhere, on any device
- Enable permissions and role-based interfaces

CONTENT MANAGEMENT

- Centralize your CMS by integrating with your LMS
- Synchronize content and training lifecycles
- Access 20,000+ on-demand courses across 50+ categories

INTEGRATION

- Synchronize with your Active Directory
- Integrate learning processes and data with business software, such as CRM, ERP, CMS, HRM and BPM
- Leverage support with integrating learning technologies, such as LRS and xAPI
- Manage learning webinars within the LMS

EMPLOYEE ENGAGEMENT

- Collaborate with teams and benefit from collaborative features
- Communicate in real-time with virtual meetings and social learning platforms
- Train with custom VR solutions
- Access communities, blogs, wikis, newsfeeds and more

REPORTS AND ANALYTICS

- Create highly detailed reports quickly and easily
- Customize your analytics dashboard and drill down reporting solutions in real-time
- Automate and integrate with other important business systems
